Ritesh will host your clients at his new roastery in Spring Valley and, after seeing how the beans are prepared, they will enjoy a special tasting to understand the difference between beans and brewing methods. And of course, they'll take home a bag of their favourite. For those with the time and interest, Ritesh will be delighted to host them at the Coffee Exchange in Nairobi's CBD to experience coffee being traded in real time - it's fascinating.

Guided by our friend Abzed who grew up in Kibera and lives there to this day, your clients will get a glimpse of the hardships and triumphs of this community, visiting NGO’s supporting orphans and vulnerable children, women’s groups and craft enterprises along the way.
