

# *Amboseli National Park Transfers*

Angama Amboseli sits in the private wildlife conservancy of Kimana Sanctuary, between Amboseli National Park and the Chyulu Hills. Angama's conservation partner, Big Life Foundation, has recently established a road connecting the Sanctuary directly through the wildlife corridor to Kimana Gate and into Amboseli National Park. The transfer time from Angama Amboseli to Amboseli National Park's Kimana Gate is 45 minutes, with a further 45 minutes should guests be catching a flight from the Amboseli Airstrip.

Kimana Sanctuary has its own private airfield, which is a ten-minute drive to the lodge. Scheduled flights into the Sanctuary are currently available on a conditional basis, and Angama is in discussions with a few airline partners regarding improved access. Private charters are also available for guests wanting to fly directly into the Sanctuary. Transfers within Kimana Sanctuary are included in our rates. Due to the proximity to the lodge, Angama recommends arrival into Kimana Sanctuary to ensure a comfortable and seamless guest experience.

**From January 2025, please note the following for all bookings which arrive at Amboseli Airstrip:**

- The transfer cost from Amboseli National Park (ANP) to Angama Amboseli will be \$250 per vehicle (one-way) on a private basis for 1 – 6 guests. If the party of guests extends to 8+, then a second vehicle will be sent at the same cost. Individual parties will receive a private vehicle
- Park fees are applicable for any guests arriving into ANP, regardless of the length of time spent in the Park on the day of arrival. The Park fee will be included in your Angama invoice and prepaid on our guest's behalf
- Should guests wish to combine their arrival day with time exploring ANP, they will need to book a half-day (\$400) or full-day (\$800) private vehicle, depending on time of arrival, in which case the transfer fee (\$250) will be absorbed
- If a guest's booking qualifies for a private vehicle and they arrive prior to check-in time (12h00), there will be a transfer fee of \$250 per vehicle
- We do, however, recommend that guests arriving post-check-in transfer directly to the lodge and schedule time in ANP on one of the subsequent days of their itinerary, providing sufficient time to experience all that ANP has to offer
